

gst\_data\_repo\_src\_class\_init

```
graph LR; A[gst_data_repo_src_class_init] --> B[gst_data_repo_src_set_property]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'gst\_data\_repo\_src\_class\_init'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'gst\_data\_repo\_src\_set\_property' on two lines.
