

gst\_tensor\_aggregator\_init

```
graph LR; A[gst_tensor_aggregator_init] --> B[gst_tensor_aggregator_sink_query]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'gst\_tensor\_aggregator\_init'. The right box is gray with a black border and contains the text 'gst\_tensor\_aggregator' on the top line and '\_sink\_query' on the bottom line.
