

gst\_tensor\_crop\_class\_init

```
graph LR; A[gst_tensor_crop_class_init] --> B[gst_tensor_crop_get_property]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'gst\_tensor\_crop\_class\_init'. The right box is gray with a black border and contains the text 'gst\_tensor\_crop\_get\_property' on two lines.
