

gst\_tensor\_demux\_class\_init

```
graph LR; A[gst_tensor_demux_class_init] --> B[gst_tensor_demux_change_state]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'gst\_tensor\_demux\_class\_init'. The right box is gray with a black border and contains the text 'gst\_tensor\_demux\_change\_state' on two lines.
