

gst_tensor_merge_class_init

```
graph LR; A[gst_tensor_merge_class_init] --> B[gst_tensor_merge_change_state];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'gst_tensor_merge_class_init'. The right box is gray with a black border and contains the text 'gst_tensor_merge_change_state' on two lines.
