

gst_mqtt_src_class_init

```
graph LR; A[gst_mqtt_src_class_init] --> B[gst_mqtt_src_change_state]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'gst_mqtt_src_class_init'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'gst_mqtt_src_change_state' on two lines.
