

gst\_tensor\_alloc\_init

```
graph LR; A[gst_tensor_alloc_init] --> B[gst_tensor_allocator_get_type]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'gst\_tensor\_alloc\_init'. The right box is gray with a black border and contains the text 'gst\_tensor\_allocator\_get\_type' on two lines.
